## DAUGHTERS OF THE PIONEERS TO HAVE A FLOAT

The executive committee of the local lodge "Daughters of the Pioneers," held a special meeting yesterday and decided to place a float in both the Friday and Saturday night parades of the Fashion Show. The Friday night float will be descriptive of a scene in the drama, "A Daughter of a Pioneer," which is to be presented under the auspices of the organization on September 28 and 29, at the Orpheum theatre.

The principals in the cast of characters and several who are to take part in the first act pantomime, will appear on the float in costume.

Among the others who will be on the float will be Mrs. Kate Toponce, the second white child born in Utah; Mrs. Mary Porter Heller, another pioneer, and Mrs. Mary Greenwell Farley. Mrs. Toponce will represent her mother; Mrs. Heller will wear a dress that was worn by one of the pioneers in the trip across the plains, and Mrs. Farley will represent the pioneer Greenwell family. The other members will ride in specially decorated automobiles immediately behind the float.

Owing to the necessity of the players rehearsing every night this week, except Friday, a different float will be prepared for Saturday night. This will also be of strictly pioneer times and it is probable that some of the larger relics from the collection at the Carnegie library will be shown upon it.

**SIGNAL FIRE FROM A COUPLE OF BOYS AT THE PEAK**

R. M. Fox and family have returned to their home on Fowler avenue from their Wyoming ranch. Mr. Fox has extensive land and livestock interests in Wyoming, requiring all of his attention in the summer. There the young boys get outdoor exercise that puts them in good condition for school.

A fire on Observatory peak last night, however, showed how difficult it is to satisfy a boy's longing for life in the open, as the fire was a signal from one of the Fox boys and a young companion to their mother, making them aware that they had safely attained the summit.

The two youngsters camped at the peak the remainder of the night and returned to Ogden this morning.

## POLITICAL PARTIES TO ESTABLISH THEIR HEADQUARTERS

The political conventions having been held and the tickets nominated by each party, active work preparatory to the heat of the campaign is being followed. The Democratic central committee has established headquarters on Washington avenue, between Twenty-third and Twenty-fourth streets, and actual canvassing among the voters has begun. However, the campaign will virtually not be opened until next Wednesday evening when the Woodrow Wilson club will meet to perfect a permanent organization. The gathering will be held in the county court house and will be addressed by M. Thomas of Salt Lake.

Chairman Edwin Dix of the Republican central committee stated this morning that he expects to call the committee together some time during this week for the purpose of selecting a chairman and secretary. The chairman also says that in all likelihood headquarters for the party organization will be decided on at that time. Headquarters will be in the Orpheum building on Washington avenue, or at the J. G. Reed Brothers business block at the corner of Twenty-fourth street and Hudson avenue.

Chairman Hendershot of the Progressive central committee is making arrangements for headquarters and expects to be busy with campaign affairs in the next few days. While it is not yet determined where headquarters will be, it is expected that they will be in the vicinity of Washington avenue and Twenty-fourth street.

Headquarters for the Socialists will be established and the party will conduct a campaign of education along its line of political thought. The Socialists claim that they will pole a larger vote this year than they did two years ago.

**On the Battle Front, Sept. 21, via Paris, 5:21 p. m.**—The western wing of the German line has been thrust back about seven miles during the last 48 hours as a sequel to continuous fighting, night and day.

**On the Battle Front, Sept. 21, via Paris, 5:36 p. m.**—Both armies despite almost superhuman fatigue, show the utmost determination not to yield an inch of ground without a terrible struggle, but the fresher troops at the disposal of the allied commanders have gradually forced the Germans to recede.

**London, Sept. 21, 6:05 p. m.**—A Central News dispatch from Amsterdam brings an official statement issued at Berlin, giving the German account of the events of the battle in northern France, beginning with the German withdrawal from the immediate vicinity of Paris. The statement says:

"During the last week the troops of the allies made an attack on the fortified German positions between the Oise and the Meuse. The French were protected on the west by the Paris lines and on the east by the Meuse and the Moselle.

"The German troops retired slowly in conformity with the plan of the general staff until favorable positions were reached. The French were reinforced by troops from Paris and by armies from Belgium to the south of Paris and from Belfort, which took the offensive, while guns from Paris were brought up and used in the fighting.

"The plan of the French was to attack the flank of the German right wing. This plan was unsuccessful and the French sustained severe losses. Three days ago the Germans assumed the offensive.

"The German right wing has been very greatly reinforced as also has the center. The main force is between Berry-au-Bac and the forest of Argonne.

"The fortress of Verdun is being attacked from two sides."

**British Cruisers Sent South.**  
New York, Sept. 21.—There was a persistent report today that six of the British cruisers which have been patrolling north Atlantic waters have been sent south at full speed to clear the South Atlantic of German cruisers recently active there.

It was said they would make special effort to capture the Karlsruhe and the North German Lloyd liner Kron Prinz Wilhelm. The report was given added credence when it became known that mail received at the British consulate here for delivery to the British cruisers had been forwarded to Rio Janeiro.

Two cruisers, the Lancaster and the Suffolk, were outside the harbor today.

**Women Against Hatred.**  
London, Sept. 21, 6:10 p. m.—"Suspect judgment on reports of the alleged cruelty by enemies of Great Britain and do not engender hatred

and vengeance," is the gist of a resolution adopted by the executive committee of the National Union of Women's Suffrage, a non-militant body.

"We earnestly deprecate all speech and writing tending to stir up unprovoked and indiscriminate rage and vengeance against the people of nations with whom Great Britain is at war," reads the resolution.

Judgment should be suspended until there is an opportunity of subjecting the alleged instances of fustian cruelty and barbarity to careful inquiry.

**Captain and Crew Saved.**  
London, Sept. 21, 6:45 p. m.—A message to the Evening News from Rangoon, British India, says that the captain and crew of the Clan Matheson were landed at Rangoon today. Their ship was sunk by the German cruiser Emden off Fates Point on the Bay of Bengal on September 14. After the vessel was sunk the crew were transferred to the Collier Marco Manni.

Accompanying the Emden the Marco Manni then steamed towards Rangoon.

Sunday afternoon the Emden held up a Norwegian vessel, the Doore, at the mouth of the Rangoon river, and transferred the prisoners to the Doore which brought them to Rangoon.

**Many Arrested on Charge of Trespass**  
Following complaints from residents near the Fair Grounds and the Electric alley district, both places were searched last night by Sergeant Charles Layne and Patrolmen Hearn and Manzel. Thomas McGowan and Albert Larson were caught in the dragnet at the Fair grounds, and M. Kaiser, J. C. Pader, Frank Emmaus, C. R. Bradley, Jack Evans, J. J. Neil, John Bronceck and J. Houle were arrested in Electric alley. The double quintet were sleeping in sheds and were taken into custody on the charge of trespass. They were called before the judge of the municipal court this morning, who deemed a day and night in jail which they served, and a severe lecture and warning sufficient punishment for the offense, to which they pleaded guilty, and gave them their liberty on suspended sentences. W. S. Milbor, a drunk, was treated likewise.

**ROOSEVELT IN KANSAS CITY**  
Kansas City, Sept. 21.—In his arid dress here at noon, Colonel Roosevelt laid particular stress on the appeal made by the Progressive party to the people to think out political problems for themselves.

"The fundamental appeal I have to make to the American people is that they be true to themselves," he said. "I ask you to review the problems before us today and then vote as you believe. If you honestly disbelieve in the power of the American people to govern themselves; if you fear a pure democracy is not a safe instrument in this country; if you disbelieve our economic and labor platform, then vote against us."

## FARMER MURDERS DIVORCED WIFE

Santa Rosa, Cal., Sept. 21.—Rather than pay his wife alimony, Ira McLain, a well-to-do farmer, murdered her today in the corridor of the superior court and committed suicide with the same revolver. The court had just granted Mrs. McLain alimony in divorce proceedings. As soon as the award was announced, McLain sought his wife, just outside the door, and shot her dead. He then turned his weapon on himself.

## NINE BODIES ARE RECOVERED

Portland, Ore., Sept. 21.—No additional information was received here today to indicate the exact number of those who lost their lives when the steam schooner Francis H. Leggett went down in a gale off the Oregon coast Friday. Although the ship's list left on shore shows that the passengers and crew numbered 61, it is known that there were additional passengers on board, making the total 70 or more, of whom only two were rescued.

Nine bodies were recovered today. Of these two were women.

Captain Moriyma of the Japanese cruiser Izumo, which picked up the Leggett's S. O. S. call and informed other vessels in the vicinity, sent the following wireless message today to the Portland office of Charles R. McCormick and company, agents of the Leggett:

"Very sympathetic condolences for sad disaster which resulted in the loss of the Leggett and its many victims. Very sorry we could not reach scene of disaster in time on account of the great distance.

(Signed)  
"CAPTAIN MORIYAMA, Izumo."
